## FROM WASHINGTON.

A DEARTH OF NEWS.—SOME OF THE EFFECTS OF CONCILIATION IN MARYLAND.—HOW IT WORKS IN BALTIMORE.—NOTES ABOUT LIFE-SAVING ON THE NORTH CAROLINA COAST.—ARE WE TO HAVE RESUMPTION OF SPECIE PAYMENTS.—"ONE DOLLAR OF OUR DADDIES" SOMETHING OF A FRAUD.—PERSONAL.

(Special Correspondent to the Post.)

WASHINGTON, July 11th, 1878.  
The week just past has been without incident of sensational character. Even the Potter committee took a rest. But to a Republican, and one who thinks that Republicanism means more than party victories and party spoils, the week that has gone has not been without its lessons.

One of the first cities in the union to respond to the southern policy of the President was Baltimore. Day after day delegations of her leading citizens besieged the White House. The reformers and the civil service men were both numerous and loud. "Our city now presents poor opportunity," said they. "Only place in our hands the means and the Republicans of the state will be harmonized, and great numbers of Conservative Democrats will at once come forward and sustain you." These reformers not only wanted the federal office but they got them. Then we all stood around awaiting the ripening of the first-fruits of this first and most promising of experiments in the garden of conciliation and reform.

They are beginning to come in. In the first place the Democrats of the state didn't come over. They just walked behind him they gently parted his coat tails and sent in the Blair resolutions about Hayes and fraud, which resulted in the Potter smelting committee. The

President smiled and said his skirts were clean. In the second place the selling of Blair for the administration worked charmingly. Every Democrat in the state, and throughout the country is perfectly satisfied with it. It worked the other way. There is no longer a Republican party in the state, and in Baltimore the Republicans have decided not to nominate a municipal ticket. In a fair vote and count they could easily carry the city. But the Democrats do the counting. It makes a difference in results, as you very well know from experience in the old North State. Lastly, Democrats have preferred charges against Collector Thomas, of Baltimore. The charges are made by reformers, and are that Mr. Thomas has grossly violated the President's civil service order; participating actively in politics, especially in the late primary election, and that said election was for the Republican party run entirely by him and some fifty employees of the custom house. If you consider that the Republican party, as that party in Maryland is dead, the thought will arise that perhaps the charges were made in a satirical spirit. But they were not. Not only are they in sober earnest but the President has referred them to the Treasury Department with instructions to investigate them. It is warm weather, and Webster's dictionary is limited. You must do your own talking when considering administration successes like those just named.

The Life Saving Service will at once proceed to place the additional stations provided for on the coast of North Carolina. Every effort will be made to improve the service there, which may now be considered a permanent one. As much of this as is possible will be done before the autumn storms set in. An officer of the Revenue Marine has invented an apparatus by which everything used by the crew of the life saving stations in receiving ship-wrecked persons can be quickly carried from the stations to the points where the wrecks occur. It has the general appearance of a hook and ladder truck, and will be drawn by horses. It is stated that it will be practically tried on the North Carolina coast.

There is now a practical coin balance of \$200,000,000 in the Treasury. Long ago, when speaking of the resumption of specie payments, Horace Greeley wrote "The way to resume is to resume." Secretary Sherman, with this enormous sum in reserve, is now of the same opinion. He is in New York, where he has recently been joined by Treasurer Gillilan, and the two are in consultation over the best plan to effect complete and permanent resumption. It is most likely that no formal plan will be announced, but that in connection with some of the leading banks of the country coin payments, and redemption of legal tender notes in coin, will quietly and gradually be introduced. This plan, while it commits no one to any live policy, and leaves the Secretary free to use every means that promises to be of advantage, will also have the additional merit of letting greenbacks, and other enthusiasts make as many fine theories and as much loud talk as they please, while the real work is noiselessly going on in their midst. Indeed with gold at only 1/2 of one per cent premium, and with this great reserve of coin at his command, the Secretary of the Treasury can only fail in effecting specie resumption by committing some great blunder which he is the last man to do.

At the present price of silver the new silver dollar is worth some near eighty-three cents. Over \$3,000,000 are lying idle in the Treasury vaults. The people don't want them. It is estimated that by January 1st, nearly \$20,000,000 in the new coin will be packed away in the Treasury vaults of the great cities.

Once the howl was for silver. We have silver, as all can see. Now the howl is for greenbacks. Would't they howl if they had greenbacks?

Col. "Ike" Young, the popular and efficient Collector of Internal Revenue of the Western North Carolina Collection District, has been in town for some days. This time he came, principally, "on business."

The committee appointed to devise a plan for the reorganization of the army will meet at White Sulphur Springs, Va. Congressman Scales can endure fatigue there, and not pine away to any appreciable extent, while the army he is to help reorganize is marching and fighting under the hot sun amid desolate mountains and on acid plains in the far west. It is curious how things are sometimes divided in this world. Some folks get the nice fruits and good things while others—don't—do they most worthy editor of the Post?

The North State says that Stephen A. Douglas, Esq., is very ill at the residence of his brother in Greenville.

CAPT. JNO. A. McDONALD.  
Of the three candidates for the Senate in the Raleigh senatorial district only one is a Republican, and he is so well known all over North Carolina that if the state at large had to vote he would receive every vote cast by a Union man. Col. McDonald joined the Union Republican party in 1866, and was elected to the constitutional convention in 1868, from Chatham county, and the same year to the Legislature, and from that day to the present time he has been one of the few men in North Carolina who has stood squarely and unflinchingly by the principles of Unionism, and during his whole career as a public man he has done duty honestly and bravely. No one can say against his character as a gentleman. Now, Col. McDonald comes out in the county of Wake for senatorial honors. And every true Union man in that district, and every man who desires honest government, and an honest true man to represent them will cast his vote for honest John A. McDonald, the working man's candidate.

## CITY ITEMS.

Don't fail to register.  
Register at once.  
Register as soon as you can.  
Register or you can't vote.  
Register or you are disfranchised.  
Every man should register.

The friends of Dr. Norment, in Robeson county, are sanguine of his election to the legislature.

We call attention to the ad of the Wilmington and Sea Side Railroad Company. They want four young men for conductors.

We understand that Mr. John C. Blocker and ——— Lutterloh, are independent candidates for the legislature in Cumberland county.

We advise all true Republicans to vote for the regular nominees of the party. They will be found at the head of the column on our local page.

If you want to destroy the party that gave you your freedom and that has protected you ever since, vote the bolters ticket headed by one John F. Garrett.

Judge Thomas Settle, one of North Carolina's honorable sons, who now resides in Florida, is expected in Goldsboro, N. C., to spend the summer. We wish him a happy and pleasant one.

Mr. John F. Garrett made a running start for the Republican ranks, and before he got to the dividing line between the Republican and Democratic parties shouted out, "I want to be elected Sheriff for the sacrifice I am going to make in coming to you low down Republicans."

No family can feel that it has a perfect safe guard against the insidious attacks of disease unless it keeps ready for any emergency, a supply of Dr. Harter's Liver Pills.

Col. Alex. McCabe, of Edgecombe county, denies that there is any bolt in old Edgecombe. We are glad to hear it, for the county, heretofore, has stood firm to the Republican cause and we believe that she will still continue to do it. Bolters should always be put down wherever they are found.

Col. W. A. Smith, Lieutenant Gov. elect, of North Carolina, is in Raleigh on the 9th. The Governor is looking well and enjoying life as of old, notwithstanding he was counted out, or defrauded of his election by the democratic bolters. Bill Smith is one of the best men in North Carolina.

Bladen county Republican convention was held at Elizabethtown on Friday, the 12th instant, and nominated a ticket, with the exception of sheriff, they very properly endorsed Mr. W. J. Sutton, the independent candidate, who has filled the office of sheriff for the past four years very acceptably to the whole people. He will be elected by a very large majority. For the balance of the ticket see the proceedings published in another column.

A meeting of the Republican Executive Committee of the state was held at Raleigh on Tuesday the 9th instant. Col. Thomas H. Keoh, the Chairman, presiding, and after a consultation of but ten minutes they decided not to run a republican ticket for the Supreme Court. This action, whether wisely adopted or not, is final, the committee stood firm against and one for a straight out Republican ticket. So the party is committed to "do the nothing policy." We hope the advocates of such a policy are satisfied.

An exchange says: "Over practice on a horizontal bar caused the death of a youth in Fulask, N. Y." It is a notorious fact that over practice at the horizontal bar has caused the death of millions.

## WHISKY ELECTIONS.

No More Treating the Elector.

It is a well known fact that the following law passed by the General Assembly in 1876, chapter 273, an act to regulate elections, section 46, says: "If any person shall treat with either meat or drink, or any other refreshment, or any other person, directly or indirectly, for the purpose of influencing the election, he shall forfeit and pay two hundred dollars, the one half for the use of the county, and the other half for the use of the person who shall sue for the same, to be recovered in a civil action, or by summary process, or by attachment, or by any other means, and the person so offending shall be liable to imprisonment for not more than six months, or to both such fine and imprisonment."

"Sec. 47. If any person, elected a member of the General Assembly, shall, by himself or any other person, directly or indirectly, give or cause to be given, any money, property, reward or present, whatever, to any person, for his vote, or to influence him in his election, such person shall, on due proof, be expelled from his seat in the General Assembly."

CITY BRIEFS.—Wilmington exported to foreign ports, for the month of June 9,823 cases of spirits, turpentine and 13,295 barrels of rosin, being more than New York, Charleston or Savannah exported. It was terribly hot here last week as well as in the country around. The magistrates of New Hanover county decided that there must be an entirely new registration, and in this week the most counties in the state.

Dr. J. F. King and wife have sailed for Glasgow in the steamship Anchor.

An excursion from this city to the mountains which was projected last week, for some reason not explained, defaulted.

A bad son, Daniel Huggins, colored was sent to jail last week for attempting to knock his father down, first with a stick and then with an axe.

The Passport has been to Snapper Banks fishing. A great many people are leaving the city for the mountains or the north, summering.

Berry Gleaves has charge of the Carolina Yacht Club house and grounds, for 1878.

A good many young ladies and some young gentlemen from this city are at the Chapel Hill Normal School, learning to teach.

The case of Master Henton was to come up for trial in Pender, last week.

The pile driver is at work on the old Vick & McCabe lot, getting ready for the new cotton compress.

Corn and all the other crops are suffering in all the Cape Fear country from drouth.

Rambling N. B. B. We had occasion to visit the county house, or Cross & Adams during the past week, where we met quite a number of men, most of them a very sorry specimen of humanity. The Postmaster, Gov. Holden, has so little to do in his office that he is suffering for want of exercise. Dr. Blackwell, proprietor of the N. Roads, or the village hotel, sleeps entirely too much. The editor of the Observer has the gout. The editor of the Register was not to be found, (it may have been "dun" day at the village, is the only way we can account for his absence.) Col. Isaac J. Young, commonly known as "the Young, was manufacturing, and we should think, from appearances, that he was running the X Roads gas works. We met Col. Badger, who is looking well, and talking republicanism as hard as ever. Besides the gentlemen mentioned, we met several lady looking democrats, who were looking around "banking" after office.

Republican Meetings.  
The candidates of the regular Republican ticket, and their friends, will address their fellow citizens at the following places:

Harnett Township—Near Wrightsville colored church, Thursday, July 18th, at 7 o'clock p. m.

Masonboro Township—Voting place, Friday, July 19th, at 12 o'clock m.

Federal Point—Biddle's Store, Saturday, July 20th 12 o'clock m.

Harnett Township—Macomber's Store, Monday, July 23d, 7 o'clock p. m.

First Ward—New Market House, Wednesday, July 25th, 8 o'clock p. m.

Fifth Ward—At the Oaks, Thursday, July 26th, 8 o'clock p. m.

Market House—Friday, July 26th, 8 o'clock p. m.

Cape Fear Township—Castle Hayne Depot, Saturday, July 27th, 1 o'clock p. m.

Acorn Branch Church, Monday, July 28th, 7 o'clock p. m.

Let all the citizens turn out and hear the candidates discuss the political issues of the day.

By order of the Republican Executive Committee.

S. H. MANNING, Chairman.

## THINGS IN GENERAL.

The Indians in Oregon and Washington Territory are getting bolder, and more than a thousand of them collected, when Gen. Howard attacked and drove them from their position.

Senator Merrimon, arriving at Raleigh after the session, made a talk which contained a great deal of good sense. The observations of the Senator on the occasion are printed and are scattered over the state thick as the leaves of Vallambrosa.

The Republicans of Alabama have held a state convention, and decided that they would put up no state ticket for the reason that they could not have a fair election. They propose to wait until the terrorism and bulldozers of the Alabama Boycotts get ashamed of themselves and sneak out of the way, as they will sooner or later.

Our morning contemporary having heard that the Democrats of Brunswick and Columbus were joining the new National Greenback party, was seized with a very severe attack of gripe. The manner in which that flickering luminary curved his spine, made grimaces, screamed, and embraced its abdominal with both hands, was astonishing to beholders. As the as his nose set towards Brunswick and Columbus.

The European Congress will have probably adjourned before this paper will reach our readers. The result of the consultation is a new political geography for Turkey. Austria takes Bosnia and Herzegovina; Montenegro, Roumania, Servia, &c., are independent, subject to provisions of treaty; and England and the island of Cyprus, the old domain of Venus, the third in size of the Mediterranean islands, and the special adviser and protector of Turkey, and "Russia gets" big slices. Turkey is not obliterated from the map of Europe, as it ought to have been, but it is hampered and subordinated to the civilized and Christian powers.

The alchemist of the Chemist or the seer of the Botanist has made no discovery of greater value to mankind than Dr. Harter's Elixir of Wild Cherry, which removes all irregularities of the bowels, brings back the roses to the cheek of the wasted sufferer, and insures robust health.

# THE WILMINGTON POST.

W. P. CANADAY,  
Editor and Proprietor.

WILMINGTON, N. C.,  
SUNDAY MORNING, JULY 14, 1878.

## SECOND DISTRICT.

The Republican Congressional Convention which met at Goldsboro, N. C., on Wednesday, the 10th instant, nominated James O'Hara for Congress in place of Gov. C. H. Brodgen. Mr. O'Hara is a colored man, and has been living in Halifax county for the past 10 years. He is a lawyer by profession, and his election is sure as the Republican majority is about 10,000 in the district.

## THE DEMOCRATIC ECONOMICAL HUMBUNG.

It will be recalled that the House of Representatives during the 44th Congress under the lead of Mr. Samuel J. Randall now Speaker of the House, undertook to make a large reduction in the public expenditures in order for party capital in the canvass of 1876. They claimed, and were everlastingly bragging in that canvass, on every platform and in every one of their newspapers that the Democratic House had caused a reduction of \$40,000,000 in the current expenses of the nation. They ignored entirely the fact that under the Republican Congress the public expenditures had been since 1868, on the descending scale at the average annual rate of \$9,293,896, so that while the expenditures in 1868 were \$229,915,088 they were only \$164,867,813 in 1876. They audaciously concealed the fact that Republican economy had in seven years saved the country \$65,067,275, and claimed that in one year they had cut down the expenses of the national government \$40,000,000, and a great many people believed them.

Let us see how they did it. Senator Windom, the very able chairman of the Senate Committee of Appropriations, has recently put out a statement of facts which entirely upset and refute such empty Democratic boasting as we saw on the part of Randall and Hewitt recently at a banquet in New York. Senator Windom says that it was well understood by everybody who gave attention to the subject that their boasted reductions in 1876 were effected by denying appropriations indispensable to the public service, by postponing necessary public works, by repudiating national obligations, by withholding large sums for deficiency bills, and when all those and other desperate expedients were exhausted the figures and facts were so distorted as to appear what they were not, and that now the necessities of the government have exposed the trickery which was then denounced, and by compelling an increase of nearly \$29,000,000, have uncovered the demagogism of 1876, by which it was sought to carry the Presidential election under pretense of economy and reform. We give now the Senator's own language:

"Perhaps the most striking of curiosities is their mode of creating and handling deficiencies." Under the lead of Mr. Randall in 1876, the party took great credit to itself for reducing appropriations some \$23,000,000 below those made by the Republican Congress in the preceding year. The amount of reduction claimed by them at the time was \$40,000,000, and the party boasted on that amount of political capital during the Presidential campaign, but the Finance Report, as quoted by Mr. Atkins, shows a reduction of only \$23,279,744—a pretty large falling off. In making this reduction, 'deficiencies' were created amounting to many millions. The forty-fifth Congress during its first year has been compelled to pass nine deficiency bills, aggregating, as stated by Mr. Atkins, \$15,534,672.82. Nearly all of these immense deficiencies were rendered necessary by the unwarranted reductions made under the lead of Mr. Randall in 1876, and there are many millions more to come before we get through with those marvellous feats of economy, performed for political purposes. Mr. Randall and his party took credit for having 'saved' the entire amount of that reduction, though it was well known by the instant that from \$15,000,000 to \$20,000,000 of it were only postponed for deficiency bills after election. These deficiencies came down on the present Congress, when they could no longer be postponed, and over \$15,000,000 of them were appropriated. Then there was a dilemma. How is the account to be stated? To what Democratic Congress shall these millions be charged? They were simply counted out. Mr. Randall and the party has been credited for the reduction which created them, and Mr. Atkins declines to count the \$15,000,000 in his totals. A very convenient way to dispose of so many millions. This huge sum is made the offset-bill between the two economies, and both take credit for saving that amount to the Treasury. If you will glance over Mr. Atkins' statement, you will find several other facts in book-keeping almost equal to this, but they are quite excusable in proving the proposition that an actual increase of \$28,752,385.49 means a retrenchment, having worried the stubborn and honest figures in vain to induce them to prove that different proposition, the Chairman of the House Committee, evidently not gratified with his success, draws a sigh, and concludes: 'Had there been economic accord between the two houses—in other words, had the Senate not added \$16,000,000 to the appropriation bills as reported to the House—the grand result would have been a still greater triumph for retrenchment. It would be estimated that an increase of \$29,000,000 is not a very brilliant 'triumph for retrenchment,' but notice the peculiar phraseology by which the failure to make it still greater is charged upon

the Senate: Had the Senate not added \$16,000,000 to the appropriation bills as reported to the House, Mr. Atkins' own figures show that \$1,914,686 of the \$16,000,000 were added by the House before the bills ever reached the Senate, and yet this account is charged to Senate extravagance."

The additions made by the Senate (which is Republican) are as follows, and all made necessary by the trickery of the House at the previous session:

Sundry Civil Bill, \$10,805,442  
River and Harbor Bill, \$47,000  
Army Bill, 908,314  
Postoffice Bill, 856,900  
Naval Bill, 200,844  
Pension Bill, 35,000  
Military Academy Bill, 83,466  
Legislative, Executive, and Judicial, 604,776  
Consular and Diplomatic, 88,700  
Total, \$12,935,442

Glance at the items which make up these several additions. First: The Sundry Civil Bill—Total additions, \$10,805,442

For public buildings, \$1,675,036  
Life-saving service, 162,346  
Light-house, fog-signals, &c., 206,000  
New yards, arsenals, and repairs of barracks, &c., 486,440  
States for enrolling and equipping militia, &c., 250,000  
Deficiencies, Postoffice, courts of justice, &c., 1,573,964  
Halifax award, 5,500,000—\$9,854,886  
Sundry small items, 450,556

Total, \$10,805,442

The River and Harbor Bill—Senate additions, \$47,000

The items of the Senate addition are as follows:  
Charleston Harbor, \$135,000  
Cape Fear River, 76,000  
Red River (of South), 100,000  
Missouri River, 87,500  
Mississippi River, 59,000  
Hartford River, 150,000  
Boston Harbor, 25,000  
Dunkirk Harbor, 30,000  
Savannah Harbor, 28,000  
Galveston Harbor, 25,000  
Total, \$772,500

"You will observe that these additions are exclusively for works of an important national character. The small creeks and trout streams in the bill which could be best 'improved' by uncanonizing, were all carefully taken care of by the House."

Senator Windom then proceeds to exonerate the bare back of poor Randall, Hewitt & Co. Thus:—"Don't you think this boast of having saved only \$23,000,000 'in the entire Congress' is a great letting down from the claim made by them of the Presidential campaign that they had 'saved \$40,000,000' at the session? This modest claim amounts to only about \$11,400,000 for that session, in which they insisted that they had saved \$40,000,000. By their own confession there comes to that there is only about 25 per cent. of truth in their economical pretensions in 1876. It will be noted also that Mr. Hewitt admits that it required about \$31,000,000 to make up the deficiencies created by the pretended retrenchments and reforms of the Forty-third Congress. In looking over the tables and statements in Mr. Atkins' speech, I notice that he makes the deficiencies appropriated since 1876 \$30,242,165, so that he and Mr. Hewitt are substantially in accord in that point. If you will permit me to turn the tables, and question you for a moment, I should like to ask if anything could well be more disgraceful in the leaders of a great party than to go before the people with the pretense of having saved over \$40,000,000 when in fact they know that \$30,000,000 of that sum would have to be made up by deficiency bills?"

Some portion of it was doubtless a 'saving,' but by far the largest part was not. On the 12th of August, 1876, after carefully analyzing every item on every appropriation bill for that year, and comparing each one with like items in the bills for the previous year, I stated on the floor of the Senate that the total pretended reduction of \$40,000,000, not \$6,000,000 could in any sense be called a saving of money to the treasury, and that this sum fell far below the retrenchment effected by the preceding Republican Congress. I now repeat that statement, and am prepared at any moment to prove it beyond a doubt.

Expenditures had been on a descending scale almost ever since the war. The Finance Report shows that in 1868 they reached \$229,915,088, and that they have been constantly reduced, until, in 1876, when the Republicans went out of power, they were only \$164,867,813, showing an annual average reduction for the seven years of \$9,293,896. This, as we have just seen, is a very much greater reduction than the annual retrenchment made in 1876, after deducting the 'deficiencies' and mere 'postponements.'

## DEMOCRATIC DEMAGOGUES OVERREACH THEMSELVES.

The appropriations this year are \$172,068,689, and the expenditures for 1876 (which were appropriated for by a Republican Congress) were only \$164,867,813, as shown by the Finance Report for 1877, page 17. They are, therefore, \$23,211,772 greater this year than for the last year when appropriations were made by Republicans. This should not, however, be charged to the extravagance of this Congress. It was rendered necessary by the demagogism of the Forty-third Congress, in making pretended savings when they were only creating deficiencies.

If our readers have carefully followed the current of this article they will have in their possession some information with which they can confound Wallcut, Smith, Atchell, Jo. Davis and Jesse Yates if they take the stump this year. It is now shown conclusively that the Republicans have reduced the public expenditures more per annum since 1868 than the Democrats did in the one year in which they held the House, and that the Democrats of the House have

ruined out of the treasury this year nearly \$9,000,000 more public money than the last Republican House did. If these fellows are ever permitted in the way of Providence to get the entire control of this government there will be a national degradation and debauchment such as was never known before in the history of even the most corrupt nation.

## THE WOODSTOCK CELEBRATION.

The annual 4th of July celebration by Mr. H. C. Bowen at his country seat in Woodstock, Conn., was observed as usual. Ex-Secretary of the Treasury, Hugh McCulloch was present, and was General John C. Fremont and his wife "Jessie," the daughter of Thomas H. Benton. Letters were written by William Lloyd Garrison, Bishop Haven of Georgia, W. E. Dodge, Dr. S. H. Lyng, Jr., and others.

Our chief purpose in noticing this distant celebration is to introduce and print the speech of General Fremont, which will be found below. It is so admirable and patriotic in its tone, so comprehensive and gracefully eloquent, so charming in its allusions to the history with which the speaker's name was connected, that we know it will give gratification to any one who knew the John C. Fremont of 1866.

## SPEECH OF GENERAL JOHN C. FREMONT.

Ladies and Gentlemen:—Let me thank you for this friendly welcome. It is my first visit to your beautiful State, but it gives me pleasure to find I am no stranger among you. And I have to thank you sincerely and gratefully for being kept in continued remembrance since our first work together in 1856. I find that I have here many namesakes—men and women grown; it is a good occasion for me to thank you for the honor as well as the pleasure this gives me, and in finding myself made so much at home among you. Beginning with your welcome yesterday, at Putnam, I have been made to feel like one returning rather than arriving among friends. It is a long time now since I took part in one of the great meetings of the people, and to-day I am here as one of this friendly assemblage, hardly as one of the speakers, but simply to join with you cordially in the observance of the day and in the feeling of the patriotic feeling which I hope it will always excite. At this time specially I am glad to see the undiminished enthusiasm which the day has called out. It indicates that the war has not exhausted your patriotism or checked your devotion to the country. The peace, prosperity, and union inaugurated on this historic day were but a short time since seriously threatened. That danger seems to have been averted. I trust that it is so. But, in any case, I am here to lift and bore for you a patriotic feeling which I hope it will always excite. At this time specially I am glad to see the undiminished enthusiasm which the day has called out. It indicates that the war has not exhausted your patriotism or checked your devotion to the country. WILMINGTON, N. C.  
SUNDAY MORNING, JULY 14, 1878

## POLITICAL CHIPS.

Judge Holman, of Indiana, is likely to be returned to the next Congress.

Ex-Senator Carpenter is at home in Milwaukee, a candidate for re-election against Senator Howe.

The Little Rock (Ark.) Gazette says: "The leaders of the New York and New Jersey Democracy have misled the party heretofore to its sorrow. They must now fall in or fall behind. The next Democratic candidate for the President will be a Western man and a Greenbacker."

Surviving soldiers in Indiana will hardly vote to make Union Solidarity the man who, in 1862, called them "Lincoln dogs and shirelins," and advised them to go to the nearest blacksmith shop and have an iron collar made and placed around their necks. "I wish," says the "Lincoln," "that Daniel W. Voorhees did this thing—Cleveland Leader."

Moses W. Field, the head Nationalist and principal "workingman's" shirker of Michigan, is one of the rich men in the state, and every dollar of his money was made by shaming notes and lending money at an exorbitant rate. His dodge was to loan on real estate security at eighteen per cent, act as his own attorney in foreclosure, and between interest and fee eat up the entire property.—Toledo Blade.

There is a talk of sending Hon. E. R. Washburne to Congress from the third district (North Chicago) where, since his return from the Paris mission, he has gained a residence, and Mr. Brentano, the present member, says if Washburne will be a candidate, he will not oppose him. Mr. Washburne was first elected in 1862, for the Galena district, and continued to represent it during sixteen years of eminent public service. In view of Grant's possible candidacy in 1880, the reappearance of Washburne in the House would be a coincidence.—Illinois State Journal.

Speaker Randall, at the Manhattan Club reception, Tuesday evening, July 2nd.—The manufacturing capacity of the country was largely augmented by the war, and the Government, as purchaser, was helped to that interest, and that being lost, the manufacturing capacity was in excess, and our laborers are idle. To add to our difficulties, the discrimination of inventors against the country has been brought into play, to the exclusion of the mechanical labor. So? With this frank acknowledgment on the part of the leader of the Democratic party that the primary cause of the "hard times" is found in the Democratic rebellion, what becomes of the charge that all our woes are attributable to Republican class legislation, extravagance, and fraud.—New Republic.

We do not think that any of the Toledo statesmen or the jerry-mander organs need to give themselves much trouble about where they stand. Charles Foster will run for Congress this fall. The Sunday Register says "he will be a candidate in the district to which he was assigned by the O'Connor Legislature, and will not imitate Ben Butler by carpet-bagging into the Toledo district." And what is more, the chances are growing more and more in favor of his election—even with the gerrymandered 3,000 against him. He means business this fall.—National Republican.

The vote in the lower house of Congress on Mr. Conger's joint resolution to amend the Constitution so as to prohibit the payment of rebel claims from the United States Treasury deserves attention. It is instructive to both sides of the question. It goes to show that the south is almost unanimous in its favor of payment, and the north against it. It was unexpected. Conger is shrewd, and thoroughly informed as to the intent of the southern Democracy in relation to these claims, and his resolution was not merely a bit of party strategy, but was the only safe way to protect the nation. The Democrats were not expecting anything of the kind, and were panic-stricken.—Inter-Ocean.

The Chicago Inter-Ocean says:—"North Carolina has been gerrymandered to order by the Democrats, and it is said they will certainly elect their congressional candidates in the 3rd, 6th, 7th and 8th districts. The Republicans will elect their candidate in the 2nd district, with possibilities in their favor in the 4th and 5th districts. In the 1st district there are about 400 Quakers, who voted against the Republican candidate in 1876, but who will vote the Republican ticket this fall. The Republicans will probably nominate Joseph H. Martin, who will call out the full Republican vote. The majority for the Democratic candidate in 1876 was 1,188."

## OLD, TRIED, AND TRUE.

People are getting acquainted and those who are not ought to be—the wonderful merit of that great American Remedy, the

MEXICAN Mustang Liniment,

FOR MAN AND BEAST.

This liniment very naturally originated in America, where Nature provides her laboratory with surprising antidotes for the maladies of her children. Its fame has been spreading for 35 years, until now it endures the habitable globe. A single bottle often saves a human life, or restores the usefulness of an excellent horse, or cures a cow, or sheep.

It cures foot-rot, head-rot, hollow horn, grub, scurf, worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and bush life.

It cures every external trouble of horses, such as lameness, scratches, swellings, sprains, founder, wind-gall, ringbone, etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. The liniment is valuable to miners.

It is the cheapest remedy in the world. For it penetrates the muscle to the bone, and a single application is generally sufficient to cure.

Mexican Mustang Liniment is put up in three sizes of bottles, the larger one being proportionately the cheapest. Sold every where.

Business For Ladies.

Our attention has been called to a new article for the use of ladies, the invention of which has conferred an everlasting blessing upon every lady. We refer to the Queen City skirt suspenders for supporting ladies' skirts, the most desirable and beneficial article ever invented for the relief of women, many of whom have suffered years of miserable health caused solely by carrying the weight of a number of heavy skirts, completely dragging them down. Something to support ladies' clothing is absolutely necessary. These suspenders are recommended by our leading physicians to all ladies and young girls. Every lady should have them. They are sold only through lady agents. A splendid opportunity is offered to some reliable lady canvasser of this county to secure the agency of a pleasant and profitable business. For terms and territory write at once to the Queen City Suspenders Company, 223 Clark Street, Cincinnati, Ohio.

The Liver is King.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the western continent. Three doses will prove that it is just what you want.
